ROLLATOR NEW DESIGN

Rollator New Design – W2230 002 001

Product description

This stylish, lightweight, compact rollator has been studied to provide comfortable support during everyday outings. Easy to handle, stable and light, the rollator New Design provides a natural walking position. Let's take a safe and comfortable break thanks to the parking brakes, the cushioned seat and flexible backrest to lean on without falling over backwards. Very convenient, it is equipped with a removable bag to go shopping or to store personal belongings. Totally foldable, it is ultra-compact and fits easily into the boot of a small car.

This product is CE marked according to the European council directive 93/42/EEC and its relatives or the Regulation 2017/745 on medical devices.

*Stands upright when folded.
Narrow, only 23 cm wide.*

Ultra-compact when fully folded.
