

**LOCAL TO BELGIUM,  
LOCAL TO BRUSSELS,  
LOCAL TO YOU**

*“In addition to the classic event audiovisual services, trends and needs, such as partial digitalisation of interaction at multi-hub or hybrid meetings, increased cost-effectiveness through innovative methods, diversification of efficient technological solutions for participants, and creative multimedia communication concepts etc., are constantly developing.”*

# TECHNOLOGICAL TRAILBLAZERS FOR YOUR EVENT *ONLINE/ON SITE*

Do you need a cost-effective digital solution?

Are you looking for an imaginative and innovative concept?

Do you have a technical challenge for a specific conference or a large congress?

Belgian start-ups and SMEs, particularly in Brussels, are spearheading innovative solutions to this crisis and solutions of tomorrow. In the following pages, you will discover proven, progressive suitable «made in Belgium – made in Brussels» suppliers and their references for events similar to yours.
